

## Houseboat Project:

what I need is a stable low platform  
from which to sail (dry sail) my  
Fireball dinghy

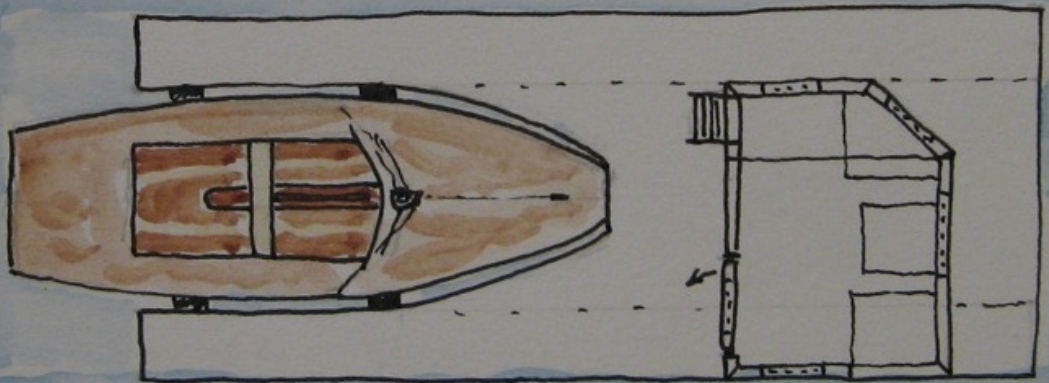

- It should have a covered dry space  
to read, make tea, dream, overnight
- minimal footprint.
- comes apart for transport  
and winter storage
- Houses a 2 boat 10M racing fleet

Ganges Harbour Salt Spring Island B.C.

8'x6' 46" CABIN  
Construction TV Flats (upgraded to  
3/16 marine ply). Disassembles into 12 units in 20 minutes.

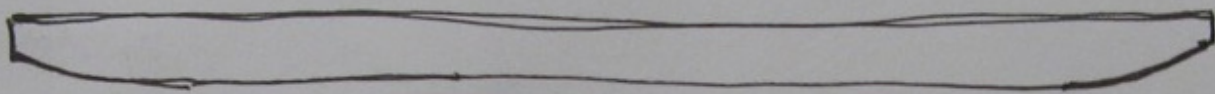

Decking  $\frac{3}{4}$  ply built in 10'x2' interlocking units.

ENTIRE HOUSE BOAT HEADING FOR THE BEACH AT LOW TIDE

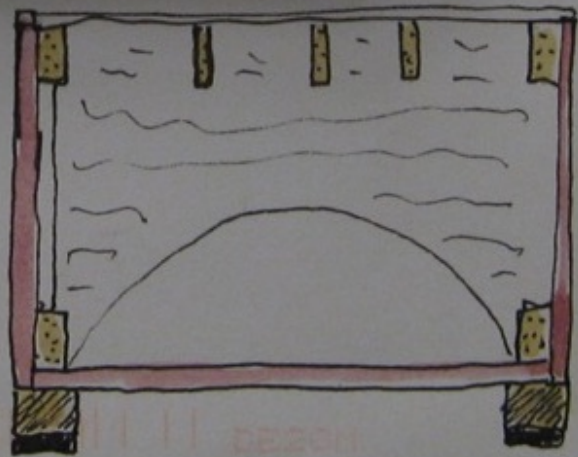

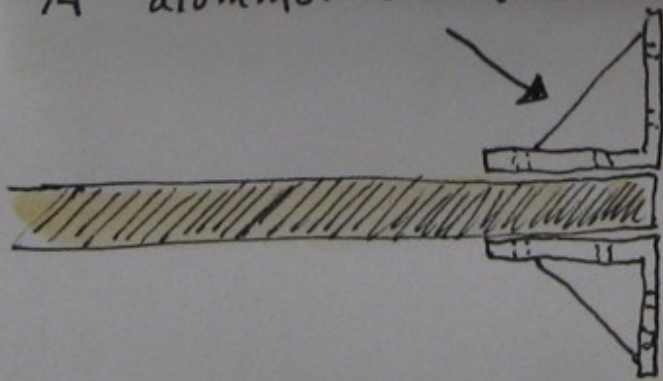

Two hulls 29' x 2' x 16"

1/4" marine ply, sheathed in 6oz glass set in epoxy  
chines + stringers Western Red Cedar  
Cross beams and runners Douglas Fir

1/4" aluminum brackets

HDPE runner shoes

INTERNATIONAL ONE METRE:  
Short course races  
elevated view, bags of fun.
